## Upcoming Lake Cruises Excite Town

A new form of entertainment will be present in the summer: lake cruises. These cruises, aboard ships such as the *Blue Miracle* and *Endless Summer* will serve as a way for the people of Williams Bay to get to know their lake just a little bit better. An interview with the CEO of the company running the cruises, Steve Smith, revealed that, “These cruises are going to be unlike any you've ever been on before, they are a *great* time”

### More Information

Tickets are being sold online on their website, lakecruises.com. These tickets go for \$15 before tax, and children and seniors get discounted tickets. The cruise lasts roughly two hours, so it can likely fit into your schedule. The cruise departs every hour from 10 AM to 5 PM every day. **Make sure you get to the dock on time, the boat will not come back for you!**

We hope to see you there and that you have fun!
